

JAIPURIA INSTITUTE OF MANAGEMENT, NOIDA  
PRESENTS

# FINANCE CONCLAVE 2018-19

THEME: DIGITAL TRANSFORMATION  
THROUGH FINTECH

SATURDAY, 8TH SEPTEMBER, 2018

Financial technology (Fintech) is recognized as one of the most important innovations in the financial industry and is evolving at a rapid speed, driven in part by the sharing economy, favourable regulation, and information technology. Fintech promises to reshape the financial industry by cutting costs, improving the quality of financial services and creating a more diverse and stable financial landscape.

The technological developments in infrastructure, big data, data analytics, and mobile devices allow Fintech start-ups to disintermediate traditional financial firms with unique, niche and personalized services. Due to Fintech companies already having a significant impact on the financial industry, every financial firm needs to build capabilities to leverage and/or invest in Fintech in order to stay competitive. The growth of investment in Fintech has been phenomenal. Traditional financial institutions invest in external Fintech start-ups in the form of collaborative Fintech ventures, as well as their internal Fintech projects in hopes of leapfrogging Fintech innovation and gaining a competitive advantage.

It is clear from the evidence that Fintech is now well beyond the stage of hype and has become a major player in the financial world. However, there is still a scope to discuss on the social, regulatory,

technological, and managerial aspects of Fintech. This makes it very challenging for financial firms to make informed decisions in regard to the investment in Fintech projects. In light of the urgent need to inform financial professionals of the significance of this disruptive innovation and to understand the role of Fintech ecosystem in India, Jaipuria Institute of Management, Noida feels immense pleasure in announcing its seventh annual Finance Conclave on Saturday, 8th September 2018. Seasoned professional and corporate from the government, technology based start-ups and financial service industry will be sharing the dais in this half-day conclave on the following broad themes:

1. **Explains about the emergence of Fintech ecosystem in India.**
2. **Various Business model and investment types in Fintech.**
3. **Role of various parties involved in Fintech ecosystem.**
4. **Identify and discuss technical and managerial challenges for Fintech start-ups and traditional financial institutions.**
5. **Investment decisions for Fintech projects and real options.**

## TARGET AUDIENCE

The target audience of the conclave is primarily the students with interest in banking and financial service sector and the students of first year in general. Besides them, we also encourage and invite the participation of management students to attend this conclave from across institutes of Delhi & NCR along with academicians who could gain from the

deliberations of the industry stalwarts. In past Finance conclaves, Jaipuria has had this opportunity of inviting top industry professionals to discuss on contemporary and relevant financial issues. Their deliberations on current and critical finance issues have been of immense importance and great learning for one and all.

## ABOUT JAIPURIA NOIDA

Jaipuria Noida was established in 2004. This state-of-the-art campus in the heart of the corporate hub of the NCR region provides students with wide exposure to a number of industries. Led by Dr. DN Pandey with a strong team of full time faculty comprising of qualified and experienced professors as well as industry managers turned academicians. The institute works on developing graduates with entrepreneurial orientation and service mindedness. Innovative elective courses further enrich the program thereby enabling students to opt for dual specialization. The institute draws upon a mix of

pedagogy focusing on learning through both in-class discussions, cases, and simulations as well as beyond the classroom learning through live projects, field project studies, regular industry interface and participation in various national/international seminars.

The institute offers three AICTE approved two year full time PGDM, PGDM (Service Management), PGDM (Marketing) and Management Development Programs for corporate sector.
